Range Evaluation Session Steps

Additional Steps to Complete Certification

- Register in advance for a 4-hour Washington Department of Fish and Wildlife Range Evaluation Session. Confirm your spot directly with the hunter education instructor.
(<http://wdfw.wa.gov/hunting/huntered/classes/online.php>)
- After passing the online course, complete and bring the following documents to your Range Evaluation Session:
 - A [Washington Hunting Seasons and Rule Pamphlet Worksheet](http://www.hunter-ed.com/Washington/wa_specific_images/pdfs/wa_hunting_seasons_worksheet.pdf) from http://www.hunter-ed.com/Washington/wa_specific_images/pdfs/wa_hunting_seasons_worksheet.pdf. Read the WA Hunting Regulations on the WA Department of Fish and Wildlife web site (<http://wdfw.wa.gov/hunting/>) to complete your worksheet.
 - 1 copies of your Washington Hunter Exam Certificate
The certificate is valid for only nine months from the date of issue.
 - [Field Skills Training and Evaluation Form](#)
- At the Range Evaluation Session, students will demonstrate and be graded on gun handling skills, loading and unloading different actions, use of safeties, and carrying positions. Students will be evaluated in both live fire and field course exercises. Muzzle control is the most important factor, and you must show safe handling skills at all times.

NOTE: Your signature on this certificate attests to your understanding and acceptance of the following:

I am also required to complete the evaluation standards for both skill and attitude.
2. I will not be eligible to purchase my hunting license until all requirements of the Washington Department of Fish and Wildlife have been met.
3. It is illegal to alter or tamper with the information contained on the certificate.
4. It is a violation for anyone other than the individual indicated on the certificate to use this certificate.
